INVINCIBLE EUROPE ASSEMBLY (IEA)

*"All my tiredness left me, then my meditations became clearer and clearer and I started to have meditations which no words can describe. The best I can do is to say they became soft, flowing, velvety, liquid, delicious, totally satisfying, with these qualities flowing through every fibre of my being.
...Do everything you can to get on an IEA." – HK*

For Sidhas and Governors only

This is the ultimate course for Sidhas with much of the day spent diving into lively silence through a greatly extended TM-Sidhi programme. Participants talk of the immense clarity and expanded consciousness that is carried out into activity after the course – and many return again and again.

Unique recordings of Maharishi speaking to the Invincible America Assembly, and interactive sessions with Raja Peter, complement the profound experiences reported by course participants. www.uk.tm.org/invincibility-programme
