

Maharishi's original Science of Creative Intelligence course (1972), with special insight from Maharishi's exposition of Total Knowledge in his final years

**Sunday 10 to Sunday 17
March 2019**

**with Dr Peter Warburton
(Raja Peter)**

who worked closely with Maharishi on
the development of both courses

This is a unique opportunity to take - or retake – the original, authentic course in the Science of Creative Intelligence (SCI), which Maharishi developed and recorded in 1972. This is a well-structured and fascinating course, built around 33 half-hour talks by Maharishi, in which he presents the entire range of his knowledge of higher states of consciousness in a systematic manner using everyday language.

Participants always find that this course results in a quantum leap in understanding and experience.

Raja Peter was present with Maharishi when he recorded this course, and was asked by Maharishi at the time to begin to make it available to all Meditators. Raja Peter is thus uniquely qualified to present this special knowledge and bring it to life.

However, Raja Peter brings yet another inspiring element to the SCI course. He was with Maharishi over the decades as the presentation of his knowledge evolved, culminating in the supreme overview of Maharishi's Vedic Science that comprises the special Total Knowledge courses that Raja Peter offers around the world.

Thus, Raja Peter will give unique insights into how the knowledge of the SCI course evolved over the years, reaching its fulfilment in the ultimate and complete expression of knowledge that comes to us in the curriculum of Total Knowledge developed by Maharishi in his final four years.

This is a truly unique opportunity to gain special insight into Maharishi's knowledge of enlightenment on the most profound levels of understanding and experience. We would encourage everyone to attend this course – all Meditators, Sidhas, and Governors.

"I am thrilled at the opportunity to offer this course, and enliven these deepest expressions of Maharishi's knowledge, which are designed by Maharishi to reach and transform the life of every participant." – Raja Peter
